

2009-2010

## Teacher Training

Teachers *new* to the EarthWorks curriculum are **required** to attend Teacher Training. Teachers who have taught the program previously are **not required** to attend additional training. However, all teachers are welcome to attend training as an update opportunity. There are three training dates available. Please mark your calendars now! Plan to attend training at least **one month** prior to your EarthWorks visit.

*Advance registration is required. Space is limited.*

*Reserve your training space **one week** prior by submitting online Teacher Training Confirmation Form.*

### Teacher Training Dates Saturday's 9:00 am-12:00 pm

September 12, 2009

November 14, 2009

February 13, 2010

## Curriculum & Resource Guide CD

NEW  
for  
2009-10!

In keeping with our EarthWorks "green" mentality and in an effort to keep prices down for our schools, hard copy EarthWorks Student Logbooks will no longer be printed. As always, the entire curriculum is available for download on our website. This portion of the site now includes a section-by-section electronic version of the Student Logbook for your printing ease and flexibility. Each school will also be given a Curriculum & Resource Guide CD (see below for more info). This change allows for a reduction in printing costs and paper waste as well as saving gas and time for teachers by eliminating the need to pick up materials... all while positively impacting the environment! While supplies last, a limited number of hard copy EarthWorks Student Logbooks are available and can be purchased at an additional per-book price. Please contact us for more details.

One EarthWorks Curriculum & Resource Guide CD will be mailed to each school enrolled in EarthWorks. This CD will include three items: 1.) EarthWorks Curriculum; 2.) Updated 09-10 Teacher Forms; and 3.) EarthWorks Student Logbook. Enclosed with your CD will be instructions on how to use this disk as well as resource information and reminders about your EarthWorks visit.

[Schools attending EarthWorks October through January will receive this CD by mail at the beginning of September. Schools attending EarthWorks February through May will receive this CD in December.](#)

**PLEASE EMAIL [mjudd@ecewkc.org](mailto:mjudd@ecewkc.org) ASAP WITH THE APPROPRIATE CONTACT TEACHER & MAILING ADDRESS TO RECEIVE YOUR CD.**
