Instructions for completing the following pages:

- Use *Employee Distribution* to fill out the *Exchange City Attendance Sheets*. There should never be more than 10 employees in any business. Please use the following lists separated by business groups.
- Clearly print the First and Last Names of your school's students.
- Please print job title to the right of name.
- Also list each child's choice for Health Insurance. If yes, mark ✓. Health Insurance costs a total of \$2. A \$1 premium will be deducted directly from each paycheck. If a child does not wish to purchase Health Insurance, just leave the column blank.

Basic Information:

- Each child is assigned an account number for their checking account. Ask them to remember this number by writing this # on their EC checkbook.
- The Attendance Sheets are used to create citizen paychecks so correct information is very important. Once on-site, changes to this information are problematic and must be handled on a case by case basis.
- All citizens will be paid two Exchange City paychecks during their day. One additional paycheck will be given to teachers for use in the classroom.
- Please forward your attendance lists at least 1 week prior to your visit. Only forward the list for your school. There is no need to forward attendance for other schools.
